CAREER OPPORTUNITIES

The Hospitality Management program offers a Bachelor of Science in Hospitality Management with a track in Hotel/Restaurant Management for students interested in management positions in the hospitality industry. The demand for management staff in this industry is high, particularly for those with specialized hospitality management skills.

The Hospitality Management program prepares graduates for employment in one of the fastest growing segments of the nation's economy. The addition of several new convention centers in the state have dramatically increased the need for hotel and restaurant facilities. Students are marketable in a wide range of hospitality and tourism areas such as: hotel, resort,

and motel management; event planning; restaurant and institutional food service; and a number of other areas such as cruise ship management, amusement park management, convention and visitor facilities, and gaming facilities.

The Hospitality Management program also offers a Bachelor of Science in Hospitality Management with a track in Food and Beverage Management for students interested in food production management. This track is ideal for those training to be executive chefs, restaurant production managers, institutional food service or restaurant managers. The demand for management staff in the restaurant industry is high, particularly for those with culinary skills. The students will be required to have a minimum of 15 credit hours in Culinary Arts courses to complete this track.

* See Culinary Arts Institute section of this catalog for program.

PROGRAMS

Three options are available: Associate in Applied Science Degree (the only CAHM accredited program in the state of Utah); Associate in Science Degree; and Bachelor of Science Degree in Hospitality Management.

AAS in

Hospitality Management 65 CREDITS

General Education Requirements: 20 Credits
