

## TETC Grant Application

The Technology Enhanced Teaching Center and Distance Education Development offer semester grants to **all** UVSC faculty for the development of technology-enhanced curriculum projects.

Available grants will vary in number and personnel hours from semester to semester, and will be announced on the first day of each semester on the TETC web site at [www.uvsc.edu/disted/tetc/](http://www.uvsc.edu/disted/tetc/) . Faculty members may apply for a TETC grant through the TETC web site, or by picking up a TETC Grant Application form in the TETC in LC 227?.

Examples of projects include:

- Scanning (documents, slides, images)
- Web page programming and development
- Video digitization
- WebCT Course Development
- Image or animation creation
- Building interactive activities and assessment tools
- PowerPoint presentation design, creation, and enhancement
- Filming or digital photography
