

REGISTRATION DAY INFORMATION - Fall SEMESTER 2005

*Please note: The Fall 2005 headcount and FTE may be lower than normal levels for this time of year due to several conditions affecting the registration cycle which are different than in past years. These conditions include, but are not limited to: 1) migration to the Banner student record system which uses a new registration system (replaces OnAccess), 2) registration opened the week of May 22, after Spring semester was over (normally opens in April before Spring semester is over), 3) changes in the online college application process which became active in mid-July (only paper applications were accepted prior to this for Fall 2005), 4) prerequisites are now being enforced for all classes which has required students to contact advisors in many cases prior to completing their registration, and 5) the ACT is now required prior to registration of new students under the age of 21. Please take these factors into consideration prior to deciding to cancel courses or making other decisions which could limit the ability of students to register for courses for Fall 2005.

Not an Official Enrollment Count				Comparative Data to Fall 2004
